🚀 Manual Steps You Need to Complete

I've prepared everything I can for you! Here's what you need to do:

✅ Already Done For You:

- ✅ Vercel CLI installed
- ✅ Project configured for deployment
- ✅ All files prepared
- ✅ Build verified successful

👤 Steps You Need to Do (5 minutes):

Step 1: Login to Vercel

```
cd /home/ubuntu/natures_way_soil_website/app
vercel login
```

- This will open a browser window
- Login with your email or GitHub account
- Come back to terminal when done

Step 2: Deploy Your Website

```
vercel --prod
```

- Follow the prompts:
- Project name: **natures-way-soil** (or whatever you prefer)
- Directory: **.** (current directory)
- Override settings? **No**

Step 3: Copy Your New URL

After deployment, you'll get a URL like:

```
https://natures-way-soil-abc123.vercel.app
```

Save this URL - you'll need it!

Step 4: Add Environment Variables in Vercel

1. Go to vercel.com/dashboard (https://vercel.com/dashboard)
2. Click your project
3. Go to "Settings" → "Environment Variables"
4. Add each of these (I'll provide the exact values):

```
DATABASE_URL = postgresql://
role_10aec7c73f:wkh6ZqPl5rMDx2HKiDwwerCZD71qAGop@db-10aec7c73f.db001.hosteddb.reai.io:5
432/10aec7c73f?connect_timeout=15

NEXTAUTH_URL = [YOUR VERCEL URL FROM STEP 3]
NEXTAUTH_SECRET = HLMqreZcz0hRXSbI6MsvHwVDkhEnbLqu
ABACUSAI_API_KEY = bb0aeb3883d448049932173c7f3a8890

SQUARE_APPLICATION_ID = sq0idp-ZI5oA8nkkuXxNkSKwq13IQ
SQUARE_LOCATION_ID = L2Q46XSB7BACQ
SQUARE_ACCESS_TOKEN = EAAAl0kTlFI5ol6LDpzUU46v3jJN54zmf5tJZ-ICoJ6BOPROf7uqAgXO1HIHZTJC
SQUARE_ENVIRONMENT = production

NEXT_PUBLIC_SQUARE_APPLICATION_ID = sq0idp-ZI5oA8nkkuXxNkSKwq13IQ
NEXT_PUBLIC_SQUARE_LOCATION_ID = L2Q46XSB7BACQ
```

1. Click "Save" after adding all variables
2. Click "Redeploy" to apply the changes

Step 5: Update Square Domain Forwarding

1. Go to your Square Dashboard
2. Find "Edit site destination" (like in your screenshot)
3. Select "Forward to a URL"
4. Enter your Vercel URL from Step 3
5. Click "Save"

🎉 That's It!

Your website will be live with:
- ✅ Full e-commerce functionality
- ✅ Square payments working
- ✅ AI gardening chatbot
- ✅ Free shipping on all orders
- ✅ Mobile responsive design

Let me know if you need help with any of these steps!
